

“HE HAS DONE ALL THINGS WELL”

After many other miracles when Jesus healed a man who had not been able to hear nor speak the people exclaimed, “He has done all things well!” I was thinking of that verse often recently as God timed circumstances so perfectly for me.

I had been having difficulty getting off to sleep due to breathing problems & it appeared to be aggravated by dust and some mold. This meant that for much of April I sorted and disposed of much of the excess stuff in my bedroom. My daughter Jeni & John & their son Nathan live with me. They hauled stuff to storage and to dump & did a very thorough clean-up so new carpet could be installed. That was all finished just in time before Lelan (my oldest son) and Cinda arrived in Vallejo on May 12th. In their 5-day stay L & C helped with computer problems and in many other ways and I sure enjoyed their visit.

On May 17th I went with L & C to Edmonds, WA and attended on 5/19 the beautiful wedding of my grandson Enoch Nicholson (son of Joyce and Nick) to Elizabeth Hall. It was great to meet her and her family and to see all of Joyce & Nick’s family.

On May 21st I flew on with L & C to Amarillo, TX where I had a delightful 2 weeks. I saw many relatives and friends who live there or in that area. I had quality time with L & C and their daughters Angela and Bethany and Bethany’s son, Allen, and also with grandson Ben and his sweet wife Gayla. Also with my brother Max’s widow, Lee Callaway

It was good too to attend a service and see many of my friends and faithful long-time supporters at Washington Ave. Christian Church. I returned home on June 3rd and began clearing the way for my surgery date.

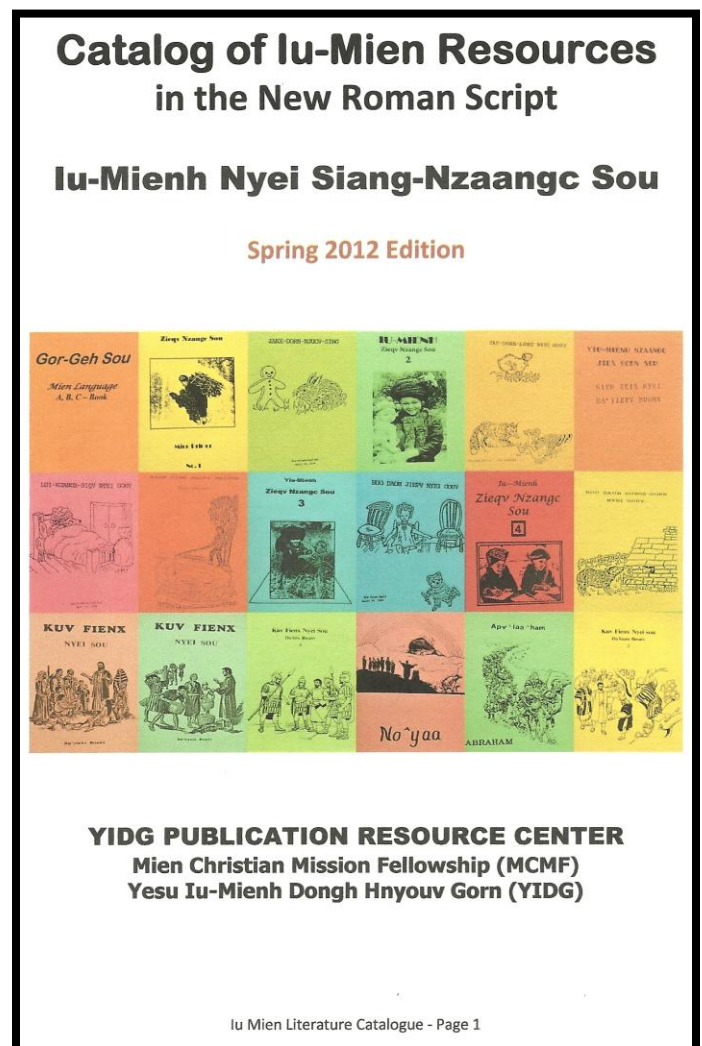

On Wed. June 13th I had laser surgery to reduce the prostate gland. Recovery has been going well so far and I am breathing and sleeping better in my renovated bedroom. I would appreciate your prayer for complete healing that I may be enabled to sleep for longer and better periods of time. To stop the all too frequent nighttime bathroom trips was my main goal when agreeing to have that surgery.
